ATTEND WORKSHOP ON

STUDENT EVALUATION

On Friday, Nov. 12, S. A. D. #44 faculty members participated in a day-long Workshop Day devoted to the development of a student evaluation system.

Dr. Horace Maxey, Jr., a consultant from the State Department of Educational and Cultural Services, opened the Workshop with an address on Effective Schools, describing the characteristics of effective schools, and the efforts made by other districts in the state addressing the issue of Basic Skills.

Teachers spent the balance of the morning attending sessions reviewing student evaluation systems in four basic skill areas: reading, mathematics, grammar, and composition. These evaluation systems were developed by task forces made up of district teachers. The teacher task forces in each basic skill area were: Reading—John Woodbury, Mabel Kennett, Caroline Gould; Mathematics—Linda Davis, John Emery, Karen Bean; Grammar—Beverly Melville, Barbara Sabin, Pam Berry; and, Composition—Nancy Fox, Shirley Merrill, Lorraine Cyr. Task Force members and Academic Standards Steering Committee members led the morning review sessions, which were attended by all

FROM THE BETHEL AREA HEALTH CENTER

Blood Pressure Program Offered

The Bethel Area Health Center has announced the resumption of its patient education program for patients with high blood pressure.

Hypertension, or high blood pressure, is the most common of the diseases, affecting the heart and blood vessels. Contrary to widely held belief, high blood pressure is not necessarily related to being nervous or high strung.

Estimates of the number of individuals in the U. S. who have high blood pressure range from 23 to 60 million! According to the National High Blood Pressure Education Program at least one third of those with hypertension do not know that they have it. High blood pressure is a common silent "problem"; people are unaware that they have it because they feel perfectly well. However, the problems resulting from untreated high blood pressure can be deadly: The most common complications are stroke, heart failure and kidney disease. Control of high blood pressure reduces the likelihood of these complications arising. It is estimated that these problems cost the nation \$30 billion annually in direct medical costs and lost income through illness, disability, premature loss of productivity and death.

Because of the high number of people with high blood pressure, the fact that hypertension, once detected and treated can usually be controlled; and the potential serious consequences of the disease, the Bethel Area Health Center is offering patient education in hypertension along with regular medical care. The health center providers are aware that there are many different types of hypertensive patients. Patients will be referred by their regular health care provider to the patient educator who will then work with the patient and the provider to develop a program which will meet the specific educational and medical needs of the patient.

Changes for the program will be based on the length of time spent with the educator. In some instances the patient's health insurance will cover the cost of the program.

The health education program is being given by Muriel Whitney,

THIS WEEK AT THE MOSES MASON HOUSE

On Saturday, Nov. 13, members of the Bethel Historical Society's Maine history course took a field trip which featured stops in Paris Hill, Poland Spring, the Shaker Museum and the Maine Historical Society.

At Paris Hill Society Director Stanley Howe noted that this spot has been home to four Maine Governors, 12 U. S. Representatives, two U. S. Senators, and a Vice President of the United States. Howe explained some of the history of the area and pointed out some of the homes of famous residents.

Poland Spring was a nationally famous resort with many of the nation's rich and famous coming to enjoy its hospitality, including several Presidents of the United States. On the grounds today is the Maine State Building moved to this spot from the Chicago World's Fair of 1893 and All Soul's Chapel built in 1912 which features a Skinner organ.

At the Shaker Museum in New Gloucester members of the class were given a tour of the meeting house and other buildings, some of them dating from the 1790's when the sect was established. Sabbath Day Lake is the only functioning Shaker community left in the country and represents a valuable historic resource for Maine history.

At the Maine Historical Society, Dr. Thomas Gaffney, Curator of Manuscripts, provided valuable insights into the collections of that organization founded in 1822, two years after Maine became a state. Dr. Gaffney pointed out the extensive genealogical holdings of the Society as well as its rich manuscript, photograph and map collections.

Contributors to the endowment fund this week are Betty Prescott of Bangor and Richard and Jane Hosterman of West Bethel. Total contributions for 1982 are at present \$1,125 from 31 individuals. Anyone wish to contribute any amount is cordially urged to do so and is reminded that all contributions are deductible for federal income tax purposes.

R. N. She will be at the Bethel Area Health Center every Wednesday from 1 p. m. to 7 p. m.

Miss Amy Hanscom, Corres.

The Windy Valleys Snowmobile Club will meet at the home of Barbara and George Merrill, Thursday, Nov. 18, at 7:30. Interested newcomers call 824-2320 for more information.

The Selectmen met Monday morning, Nov. 8, at the Town Clerk's Office. The Annual Report to the Census Bureau on Revenue and Expenditures for the past Fiscal Year was prepared. The Selectmen are exploring possibilities for setting up a sewerage dumping area. Newry has had an agreement with the Town of Rumford to dump sewage at their disposal facility, but Rumford can no longer take it. The Selectmen would like to make arrangements to have a landowner set up a site where sewage can be dumped, with the owner charging a fee for dumping. This area must be 300 feet from a public road, inhabited dwelling, or river or stream. Any land owner interested in setting up such a site should contact the Selectmen. Several possibilities were discussed at the meeting and the Selectmen will contact the landowners. Any land owner in the area who is interested and is not contacted is asked to get in touch with Stephen Wight, Chairman of Selectmen, at 824-2410.

A snowy winter wonderland on Monday. Sunday was a beautiful fall day with a bright blue sky. I hope everyone has all they want harvested from their gardens. The first snows also bring treacherous roads. Sylvia Benson said that one of the Mason boys slewed into their field just glazing one of the trees. Someone else said that they had seen at least two cars make almost a complete circle by their house. Later we have banks to hold us back, but right now the banks are nil.

The log cabin above Thelma's, headed towards Gilead, has been torn down.

Sylvia Benson took her sister, Judy Small, and daughter, Kim, to a Boston hospital Friday. Judy had to have a laser treatment on her eyes. When they got back to Hebron Sylvia spent the night at Judy's and their mother's, Alice Foss.

Thursday, Heidi Moore, daughter of Mr. and Mrs. Stanley Moore, celebrated her 10th birthday at their home. Others attending were Lorena Conant, Martha Newell, Meredith Haegle, Tim Hebert, Heidi's cousin; Mr. and Mrs. Norman Morin, Bobby, Richard, Wendy, and Robin, Milton Plantation; and Dick, Sue, Kristy and Tim Angevine.

Nov. 9, Evelyn Hilborn, Frances Farnum, and Kay McAllister, went to South Paris, for dinner and then to Rumford shopping.

Thursday, Evelyn Hilborn went to Auburn and had lunch in Turner and Sunday Evelyn and a friend took advantage of the nice day. They had dinner in Errol, N. H., then through Dixville Notch and back through Grafton Notch.

Dick and Sue Angevine went to Portland Monday for a routine physical.

Tim Angevine, son of Mr. and Mrs. Dick Angevine, was out of school last week with an ear infection.

North Paris

Eveline B. Vatcher, Corres.

The electricity was off in our little hamlet Sunday morning for over an hour, but it didn't delay our breakfast any, as we have a gas stove. I didn't hear what caused the outage. Maybe some one run into a light pole, or wires down.

The weather was pretty good for the hunters this past week, but I heard of only a few bagging a deer: Kevin Billings, Richard Estes, Howard Abbott. There were probably many more that I didn't hear about.

Joe Vatcher went to call on his sister-in-law, Millie Fucardie, at Bob Anderson's trailer and she was excited. Said she heard a loud noise and when she looked out the window, there were three deer about 15 feet from the trailer and they didn't seem to be in any hurry. Finally they walked across the road and up a small slope and after looking around a bit they moved on. Joe asked how big they were and she said about as large as a horse, so Joe decided to go out and inspect the tracks and lo and behold they were moose tracks. She said a gun was in the trailer but she didn't know how to use it, and it was a good thing that she didn't know how, or she might have been boarding at the house in South Paris. The men folks didn't get a deer but Bob Anderson shot a red fox.

Jack Newmeyers has had electric light poles set on his road (the old Ellingwood mill road) in preparation to have power at his home. He has used gas as long as he has lived there and it will be quite a change, and a good change.

Mrs. Patricia Anderson, son David, daughter Karen Broderson and her husband, Albert, came to the Anderson trailer Friday evening and they all returned to their respective homes Sunday morning.

Callers at Lawrences: Mr. and Mrs. Albert Downing, Mr. and Mrs. Joe Vatcher, Sandra Coffin, Jeff and Jimbo, Arnold Coffin, Francis Brooks, Mildred York.

Arnold Coffin, Doris Lawrence and Mildred York went to Bryant Pond to the Historical Society meeting, Saturday evening. John Davis spoke about trains and railroads. It was very interesting.

Fred Westersand of Saugus, Mass., called on the Vatchers Friday and had lunch with them. Thursday evening, Joe, Eveline and Rhoda Vatcher had supper with Robert Anderson and his guests. Friday evening, Robert Anderson, Mike and Millie Fucardie and Joe Vatcher had supper with Rhoda Vatcher. Eveline was sick

to Norway to visit my folks, Mr. and Mrs. George Allen.

Thursday, Bob Brown of Portland made a dooryard call as he was up to his camp hunting. He said that he had seen no deer signs. Bob was born at what is now the Benson place.

In the Quiet of the Morning In the quiet of the morning, Oh, how sweet it is to come just to talk a bit with Jesus Ere the crowding duties come.

Just to kneel there for a moment With your head upon His breast. All your problems laid before Him, Every human need confessed.

Oh, the loving strength that surges From His heart to yours all day; Like a bright and shining armour, Just because you knelt to pray!

—Alice H. Mortenson

Nov. 10, Mr. and Mrs. Lester Butters and Mrs. Leslie Lapham with Elsie Davis went to the Senior Citizens dinner at the Bethel Inn.

The Flat Road had about 5 1/2 inches of heavy snow Monday morning. The school bus was ditched for a while about three miles out.

The A. Cummings were called early Nov. 11 and told that their good friend, Mrs. Lois Willes, had passed away. Her body could not take the dialysis machine. Her remains were brought to Norway. The Cummings and Mr. and Mrs. Cleveland Lovejoy went to Norway Monday late afternoon to meet with her husband, Ken, and daughter, Robyn Hatch. They were joined by Mrs. Dorothy West and children.

Alanson Lovejoy bagged his deer on Monday. It's not easy. He found himself miles away and had to phone for transportation.

The Walkers continue to do nice things for aunt Stella Moore at Ledgewood.

George Stowell was in West Paris calling on his many friends, including Frank Waterhouse, one day last week.

A big thank you goes to John Head for taking his car and driving the disabled veterans in the parade, Nov. 11. The Cummings and Lovejoys spent the day there. More details in the American Legion items elsewhere in the paper.

On this Sunday morning the whole valley is bright with sunshine and perhaps we await the hush of snow and trees draped in lace. But now, the valley is a pageant of beauty; endless view, clear water, as autumn steals away. Today the peace of autumn pervades. The wide stillness rests over the deserted fields while the thin thread of brooks flow without song.

By the pond bright clouds, tall trees, and grasses lie upside down as they are mirrored in the coves.

Letter to Saint Peter

Let them, Peter, they are very tired
Give them the couches where the angels sleep
Let them wake whole again to new dawns
Fired with sun, not war.
And may their peace be deep
Remember where the broken bodies lie.

And give them things they like,
Let them make noise.
God knows how young they were
to have to die!
Give swing bands, not gold harps
to these our boys
Let them love, Peter, they have
had no time.

They should have trees and bird

The taste of summer in a ripened

ARABIAN NIGHTS AT GOULD THURSDAY, DEC. 2

On Thursday, Dec. 2, 1982, the Pickwick Puppet Theatre will present "The Arabian Nights" stories, in Gould Academy's William Bingham Auditorium at 7:30 p.m. The stories of adventure, magic, mystery, and romance from the Far East will be performed to the melodies of Rimsky-Korsakov's "Scheherazade" using puppets up to nine feet in height.

The Pickwick Puppet Theatre is widely known for its combination of puppets and music in the interpretation of classic stories. "Arabian Nights" is the most popular of a highly acclaimed repertoire which has introduced good music to young audiences. In recent years, the show has become a great hit with high school, college, and adult audiences. The Pickwick Puppets perform regularly with symphony orchestras around the country. They have appeared on Broadway and at Lincoln Center, and in many television commercials and trade shows.

The cast of about forty hand and rod puppets perform on a large open stage with colorfully exotic settings representing the various locales of the story. Scheherazade and the Sultan are life-sized rod puppets narrating the story from their boudoir at the side of the stage. Although the characters, settings and situations are drawn from the stories of the Arabian Nights, the actual Pickwick plot is an original one, and is performed without dialogue.

The public is cordially invited to attend this performance which is sure to interest and delight people of all ages. There is no admission charge.

ATHLETIC BOOSTERS MEET —ADOPT PURPOSES AND MEMBERSHIP REQUIREMENTS

A very productive meeting of the Telstar Athletic Boosters Club was held on Nov. 10, at the Telstar Library.

Sam Libby, Bob Remington, and Tom Riley, representing members of the coaching staff, and Athletic Director Peter Brown were in attendance to discuss concerns and answer questions of parents present. All agreed that this type of communication between parents, coaches, and the Athletic Director was indeed a most positive step.

Two very important actions were taken at this meeting. The Boosters voted to adopt the following purpose and membership requirements.

Purpose
The Boosters Club exists for the purpose of broadening the involvement of students, student families, and the school, through support for all male and female activities of school athletic programs. The Booster Club works to

achieve this through active participation of as many parents as possible in Booster Club programs and in concentrated support for individual sports, working closely with the coaches, athletic director and principals of the two schools.

A. To support, promote, and maintain a high standard of integrity and good sportsmanship in all athletic activities of the Middle/High Schools.

B. To foster and promote good will and fraternal spirit among the members.

C. To promote and encourage better attendance at all sports activities by the parents, friends of athletes, students, and faculties of both the Middle School and High School.

D. To promote and encourage more young men and women to get involved in athletics either as an active participant or as a manager or statistician etc.

E. To raise funds to assist all athletic programs through the school athletic funds. The Booster Club will work closely with the Athletic Director and coaches in determining what major goals should be set for the year.

F. To assist in holding down expenses to the athletic department by volunteer services; to provide people to serve as ticket takers, timers, or judges or in any other capacity beneficial to the athletic department.

G. Budgets and goals are to be set at the beginning of each school year with the help of the athletic director and the entire coaching staff.

Membership
Parents and friends of all past or present student athletes, and such other sports interested persons who desire membership, shall be eligible for membership in the Boosters Club.

There will be a yearly membership dues for regular active members. Dues shall be payable at the beginning of each school year. Dues may be increased or decreased by a majority vote of the general membership.

A special membership may be established for persons unable to volunteer their efforts, but able to support the school athletic programs through a membership gift (tax deductible). There are three levels of contributions and memberships are to be renewed each year for non-participating supporters.

CONGREGATIONAL CHURCH CONDUCTING STEWARDSHIP CAMPAIGN THIS WEEK

Members and friends of the West Parish Congregational Church living in Bethel and surrounding towns are involved this week in a new form of stewardship campaign. Dubbed "The Pony Express" the campaign involves the carrying of a "mail pouch" filled with information on mission giving, stewardship philosophy, and the proposed budget for the coming year from household to household.

Households of the church family have been divided into seven "routes", each with a couple serving as "route managers". As the pouch is received members of the household review its contents and fill out a form indicating their estimate of giving in both time and money for the year ahead. The form is then sealed in an envelope and placed in a "security pouch" inside the mail pouch itself. They then take the mail pouch on to the next family on the route list and report to their route managers that they have done so.

This unique form of pledge gathering gives every member an opportunity to participate directly in the stewardship process of the church. Competition is building among residents on the various routes to see which pouch will be first to complete its rounds and return to the route managers.

Letters to the Editor

Nov. 9, 1982

To the Editor:
It has been said that "all things come around full cycle", and that is delightfully true at the Sudbury Inn. Dave and Sherry have restored the lobby and dining room with warm prints, lush carpeting and tasteful appointments. Those who enjoyed seeing the Sudbury Inn operated by the Greigs in the early 1960's will delight in seeing it brought back to those standards again.

The dining room is very comfortable and Rae is "home again" in the Sudbury kitchen. The menu has something for everyone in a very reasonable price range. You can even go Italian on Wednesday evenings. Our meals were well served by an attentive waitress, attractively presented on the plate, piping hot, and not to mention, delicious. The Sudbury garden salad is crisp, fresh and colorful—a masterpiece on its own. Our first pot of coffee was not up to par, but was cheerfully replaced with a fresh pot by our waitress.

A pleasant music wafted into the dining room while we enjoyed a wonderful cheese cake for dessert. We were pleased that the Sudbury Inn is truly a place that Bethel can take pride in—once again.

Sincerely,
Jane Barth

Each household should bring Materials to make their own wreath or bring one ready made, so that the first candle can be lighted together from the church candle. This has become a very popular event to prepare for the journey through Advent. Bring a casserole or salad, your own silverware and dishes and join the fellowship and fun. Beverage, dessert and rolls will be provided.

The oyster stew supper for the Firemen (past and present) and their families and guests will be held at the Fire Station Sunday, Nov. 21, at 5 p.m.

The Fire Department held a special meeting Tuesday evening to discuss the possibility of purchasing a panel truck to replace the pick-up truck.

Nov. 14, the Union Church held a pre examination for installation of Rev. Michael Caldwell, followed by a supper and an installation service. Approximately 90 attended, the supper. skills, and offered suggestions for improving the proposed student evaluation system.

In the next three to four weeks, the Academic Standards Steering Committee will review the findings for the In-Service Day, and submit a second draft of the evaluation system to the S.A.D. 44 teachers. Subsequently, a final draft of the evaluation system will be submitted to the Board of Directors for adoption. The development of goals and objectives and evaluation of the K-12 curriculum reflects hundreds of man hours of work by S.A.D. 44 teachers over the past 18 months, and should result in clearly stated expectations for students and parents in the district.

DR. WHITNEY RECERTIFIED BY BOARD OF PEDIATRICS

The American Board of Pediatrics announces that Dr. William Thomas Whitney Jr. has met the requirements for recertification in general comprehensive pediatrics. Recertification in pediatrics is a voluntary program of periodic examination on information relating to evaluating and managing problems affecting children and their families.

The American Board of Pediatrics, the national organization responsible for certification of physicians in pediatrics, has certified over 28,000 pediatricians since it was founded in 1933. Over 600 pediatricians have been recertified since the program began in 1980. Pediatricians serve as physicians and advocates for infants, children and adolescents. They are trained to provide primary care for acute and chronic illness; to supervise and encourage health, growth and development; and to act as consultants to family practitioners and others involved in the care of patients in the pediatric population. Dr. Whitney was first certified by the Board following a period of graduate training in pediatrics and the successful completion of the Board's certification process.

However, if the local and national economy continues to be depressed, and voter sentiment remains negative, the Board may have to consider some other long term solution to improving elementary facilities.

Statistics on expenditures recently released by the state department underscore the need to improve our elementary facilities. Data from the 1980-1981 school year indicate that S.A.D. 44 spent \$52 per student above the state average for elementary plant operations, which includes heating oil, custodial salaries, etc. At the secondary level, the district was \$5 per student below the state average. This relatively high per pupil expenditure at the elementary level is due entirely to inefficient and obsolete elementary schools which S.A.D. 44 operates.

If S.A.D. 44 elementary buildings operated as efficiently as Telstar, over \$50,000 per year in local property tax could be saved. The fact that the Board must spend scarce tax dollars to heat and maintain obsolete and inefficient buildings is a source of great frustration.

The Board hopes that, ultimately, the voters and taxpayers in the district will endorse the decision to replace these outdated facilities with energy efficient buildings so that we can spend local taxes on textbooks and teachers instead of fuel oil and electricity.

In conclusion, the defeat of the referendum does not change the needs of the district. The district cannot afford to operate its old buildings in the long-run. The Board's plan to upgrade the elementary schools has not changed, it has been pushed further into the future. We hope when the next referendum occurs, the public will help us provide safer, efficient buildings for our children.

(Tri-Town Ambulance & Emergency Rescue Service)

The Tri-Town Auxiliary is planning a fund-raising dance on Saturday, Dec. 4 from 9 p. m. to 1 a. m. at the American Legion Hall in Locke Mills. Chrystal River Band, formerly Northern Junction, will be providing the music. Anyone 20 and older is invited to have a good time and support the volunteer ambulance service.

Tri-Town members were just as surprised at the arrival of the snow as everyone else. Thankfully cars were driving slowly and no one in our area was injured in the minor sliding of the cars and buses.

Safety Tip of the Week

Now is the time for snow tires — also drive cautiously if the roads are slippery. Especially until drivers get used to winter conditions, keep an extra distance between cars. Remember that the high snow banks of the middle of the winter are not present to protect any cars sliding off the road.

RSVP STATE ASSOCIATION MET RECENTLY IN BANGOR

Members of the RSVP (Retired Senior Volunteer Program) State Association met recently at Penquis C.A.P./RSVP offices in Bangor to discuss RSVP Statewide funding, publicity and VISTA progress in linking older volunteers with youth with special needs.

Guest speaker, Representative Nat Crowley from District 99 advised the group regarding necessary procedures in applying for State funds.

Daryle Carter, RSVP Director from the Piscataquis-Penobscot Project, reported on the recent RSVP National Association meeting he attended in Washington, D. C. According to Mr. Carter, ACTION, RSVP's national sponsor, would no longer furnish RSVP recognition materials to individual projects. As of now, individual projects are expected to generate their own funds for these materials.

Because of reductions in ACTION staff, "these problems become minor," said Mr. Carter. RSVP, he continued, has a positive image in Congress, and would likely continue having its support. VISTA's future on the other hand, is still uncertain.

Vicki North, from the Mid-Maine RSVP Project, gave a presentation on computer record keeping.

VISTA Volunteers assigned with each of the 6-RSVP Projects in the State reported that linking older volunteers with "troubled youth" was a slow process, but that ACTION's new directive aimed at placing RSVP volunteers in assignments dealing with all youth, troubled or not, was a more attainable goal.

On the subject of RSVP visibility, Western Maine RSVP Project Director, Claire Roger-Anetli, reported on recent RSVP public service announcements produced and aired by WCSH Television. RSVP Volunteers were filmed on assignment with young people. The "Lewiston Daily Sun", in cooperation with Western Older Citizens Council, has agreed to feature a monthly senior page to inform older citizens of services, programs and volunteer opportunities available to them.

To offset local funding losses, the Western Maine RSVP Project will open a Gift and Thrift Shop in South Paris, adjacent to the Country Way Restaurant. Proceeds from the shop will help supplement the RSVP Volunteer Travel Reimbursement budget.

Mary Walsh, new RSVP Director for the Mid-Maine area was introduced by Association President Quentin Johnson.

Attending the meeting were: Directors, Mary Pelkey, Daryle Carter, Quentin Johnson, Claire Roger-Anetli, Mary Walsh and Rhoda Nute; RSVP Area Coordinators—Clem Banks, Katherine Craig, Lloyd Jones, Marjorie Broadbent, Harriet Rietschel, Kathy Nadeau, JoAnne Walters; Vicki North from the Center for Human Ecology Studies; VISTA Volunteers—Mary Sawyer, Anne Hathaway, Rolande Caron and Melissa Grueger.

NEWS FROM ADULT AND COMMUNITY EDUCATION

—M.S.A.D. #44

The S.A.D. 44 Adult and Community Education Advisory Council met at Telstar High School on Tuesday evening, Nov. 9. Shirley Powell of the Bethel Area Health Center met with the Council to discuss possible avenues for joint programming, and cooperative efforts. Ms. Powell described several courses which might be offered in Health care for the elderly and Instant Pediatrics. The Council will continue to advertise some of the Health Center programs in the course flyers, and discussion was given to additional areas for courses.

Plans for the Adult and Community Education Learning Fair set for Wednesday, Dec. 8 at Telstar were discussed. The evening will begin with a pot luck supper, followed by demonstrations and exhibits by adult education classes and community groups. The evening will be capped by a Christmas Concert by the Adult and Community Education Chorus.

Plans for courses and programs for the Winter and Spring term were reviewed, with Council members contributing suggestions. Fi-

nal review of the programs to be offered will be made at the December Council meeting.

Adult and Community Education Director Cathy Newell presented a draft of a needs assessment form relating to adult and community education. This will be distributed at the Learning Fair, and possibly mailed out enclosed in the Winter term flyer. The Council approved the form as presented.

The final agenda item was the development of a joint Community Calendar project with The Bethel Citizen, which would result in a weekly listing of community events. A volunteer coordinator will be sought to manage the calendar on a trial basis. It was agreed by all council members, particularly those representing town recreation boards and other organizations that such a calendar would be an excellent Adult and Community Education service.

Council members attending the meeting were Rex Thurston, Betsey Fisher and Norman Rust of Andover, Gary Fuller and Carolyn Colby of Greenwood, Rick Whitney, Rachel MacKay and Cathy Newell of Bethel and Jeannine Fleet and Eleanor Davis of Newry, in addition to Shirley Powell.

NOTES FROM THE BETHEL LIONS DEN

The Bethel Lions Club held its second monthly meeting for November, Tuesday, Nov. 16, at the Bethel Savings Bank, and it was an event filled evening.

NOTES FROM THE BETHEL LIONS DEN

The Bethel Lions Club held its second monthly meeting for November, Tuesday, Nov. 16, at the Bethel Savings Bank, and it was an event filled evening.

The evening kicked off with a short social hour, while the wives arranged the evening meal. This meeting was the first Ladies Night of the year, with a covered dish supper. After what was described as an outstanding dinner (prepared by the Lions wives) a short business meeting was conducted by King Lion Peter Anderson. The remaining part of the evening was then turned over to the honored guest, District Governor Al Glover, of Bridgton.

Governor Al gave a short presentation which included his highest praise of the Bethel Lions Club outstanding work in its community. He then brought the club up to date on what was happening within the District and on the International level.

The highlight of the evening was the candle light initiation ceremony of the Bethel Lions Club two new members: Dennis McLeod of Albany sponsored by Byron Lapham and Jerry Tyler of Gilead sponsored by Jim Pelzel. The initiation ceremony was conducted by Dist. Gov. Al. The Club is honored to have these two new members, whose willingness to give of themselves will further the goals of Lionism, to serve its community.

After the initiation ceremony District Governor Al presented Roy Murphy and Byron, 15 awards for their outstanding efforts in bringing in new members. This was followed by awards to Howard Donahue and Eldon Greenleaf for five years perfect attendance. The final presentation of the evening was made by King Lion Peter, to Mrs. Hilda Donahue in appreciation for her support.

West Greenwood — Carolyn M. Colby, Corres. — Edith Deegan, Westbrook, spent a day with Irene Wilson last week while Bob Deegan went hunting. Ruth Wilkinson and Mrs. Don Holt have also visited Irene recently.

Mona Lowe, Janie, Monica and Carrie Rolfe, were in North Conway, last week to see Katrina Lowe.

Peggy, Hal, Jarrod, and Lindsay Fournier of Portland were visiting Maude Harrington when I phoned Sunday evening.

Florence Beck, Randolph, N. H., visited Joe and Leah Deegan on Monday.

Leah's mother, Margarette Spiney, is a patient at the Norway Hospital.

Larry and Kay Hill and daughter, Crystal, of Norway, were here Friday evening.

South Woodstock — Olive Davis, Corres. — Mrs. Esther Davis was in Livermore Wednesday, where she took lunch with her sister, Marion Whittemore and called on sister Emily Pike. She called on her brother, Don, but found no one home.

Mrs. Julie Daye got a nice doe this past week.

Mrs. Estelle Harrington was host to a baby shower for Mrs. Marilyn Swan. Twenty five friends and relatives attended from South Paris, Oxford, Bethel and Newry. She received many lovely and useful gifts. Refreshments of cake, sandwiches, cupcakes, assorted bars, punch and coffee were served.

Mrs. Mary Morin and Mrs. Jeannine Fleet were in Lewiston so Mary could get blood work done at the hospital.

Miss Sharon Daye was home for the week end from C.M.V.T.I. Miss Penny Fleet spent the evening with Miss Julie Hastings, East Bethel.

Mr. and Mrs. Hal Fournier and children called on Mr. and Mrs. Gabe Harrington and Brad.

Sent in by Viva Whitman: We have seen both good and bad weather this past week, but no matter what the weather the hunters are out. Saw quite a few of them, but not many deer going by.

We did hear that Julie Daye got one and am glad to hear it. The licenses cost so much today, so am glad hers paid off.

Monday, Russell and I headed for Norway and did some errands as well as his having an appointment with his doctor. While he was so occupied, I visited with an old friend, Lucie Parlin. She is getting on in years and has arthritis badly so doesn't get out much. As I haven't seen her for some time, I was glad of the chance to visit with her.

Verna Swan, from Bryant Pond, called on us one day this week. We are always glad to see our friends, even to the panakeet. He gives her lots of kisses.

Monday just seemed to be one of those days when I saw a lot of folks that I knew. It seemed every time I turned around, there was someone I knew speaking to me. It was very enjoyable. Russell and I met my daughter and her husband, Mr. and Mrs. Michael Woolf for lunch at Twitchell's. It always pleases me to see a man help his wife, and Don isn't above getting his hands into dishwater, even if he was elected into office. I say "good for him."

Helen Rannels got home from the hospital this week, and I had a nice chat with her on the phone. She asked for Russell, but as he was out walking with the dog, I got to talk with her. Haven't met her personally yet, but hope to some day.

Friday afternoon, Peggy asked Joe and I to go to Berlin, N. H., shopping with her, so of course we went. Lots to see in the stores, but you need plenty of cash if you plan to buy. Everything looks so tempting, but the price tags floor you.

Sunday, Peggy Blake and I went to a baby shower for Marilyn Swan, at Estelle Harrington's. There were lots of guests and certainly lots of nice gifts for the new Mother to be. It was a lovely party, and I had a chance to meet some of the neighbors on the Sunday River Road, that I hadn't met before. It was a pleasure to meet them all.

MOTORISTS URGED TO INSIST ON THOROUGH INSPECTION OF MOTOR VEHICLE

The state police advise motorists to make sure when they take their motor vehicle to be inspected that it is done thoroughly for their own safety.

"Motorists who by law are supposed to have their vehicles inspected by a State licensed motor vehicle inspection station should make sure that the items required by law to be inspected are indeed inspected," said Colonel Allan H. Weeks, chief of the Maine State Police.

State Police Traffic Safety officers are making a maximum effort in cooperation with licensed station owners and certified mechanics to make sure motor vehicles are inspected as required, Col. Weeks said.

"Owners of vehicles should realize that the three-dollar fee charged for the motor vehicle inspection does not cover the cost of any needed replacement materials or additional labor," said Col. Weeks. "The Maine motor vehicle inspection includes: brakes (including the emergency); steering mechanism and suspension system (including tires and wheels); exhaust system; lights (including head, tail, directional and rear plate lights, rear reflector, and headlight aim), with a possible additional charge if the headlight aim has to be adjusted; rust (especially frame rust, along with body rust and protruding metal edges); and, mirrors, horn, window glass and seat belts.

The Planning Board highlighted progress on the Cable TV franchise, a plan to propose coordinated building code and trailer park ordinances, and a review of an industrial park complex proposed in the Airport Master Plan. Looking to the future, the Planning Board will be reviewing some technical proposals regarding the Bethel Landfill to begin shaping its future operations when the trenches are completely filled. Planning Board members are Dana Douglass, Cathy Newell, Don Eddy, Dick Hostenman, Bob Chadbourne and Alden Kennett. A vacancy exists that the Board of Selectmen will be acting to fill. If you desire to serve, contact a Selectman or the Town Office.

The Recreation Board reviewed the year's extremely successful spring, summer and fall programs that were well attended and supported by participants and interested people of all ages. There was a discussion of two skating rink locations for this winter's program, one in Bethel and one in West Bethel where a land owner would offer a natural rink for use on his property if supporting arrangements, such as insurance coverage, can be made. To avoid problems discovered in the past when the Town Common was used as a skating rink, the Selectmen requested the Recreation Board to review the possibility of other locations. Recreation Board members are Maryvonne Wheeler, Alberta Merrill, Lawrence Bartlett, Lidel Thompson, Tom Remington, Stan Cordwell, and Rick Whitney. Program directors were commended also for their spirited leadership.

The Airport Advisory Committee reported on their major activity, the Airport Master Plan. A public information meeting was held on Oct. 20 in Odeon Hall and representatives of the Federal Aeronautics Administration and the Maine Department of Transportation have reviewed and endorsed the draft plan. Final copies of the Airport Master Plan are being printed for distribution by Dec. 1. The need to inform the public on the information contained in the plan was discussed. The Selectmen and Committee members agreed that a cooperative effort with weekly paragraphs in the local press would help citizens make an informed decision at the March Town Meeting.

VETERANS DAY OBSERVED AT LOCKE MILLS

Jackson-Silver Post and Unit #68 observed Veterans Day/Armistice Day, Nov. 11, in Locke Mills with a parade, fried claim dinner and a game party.

World War II veteran Chester Worthington, a Past State Commander of Brunswick, was the speaker. He spoke at the Honor Roll and again at the Legion Hall. He has worked in Togus for years cheering up the less fortunate. He has suffered much and is now blind, but he told how he was happy that he had served this great country of ours. He said he could almost see Old Glory as the Telstar Marching Band played the Star Spangled Banner that followed the prayer by Chaplain Cummings. The Unit Chaplain, Fannie Cummings, placed the wreath of poppies at the base of the monument, assisted by Commander Mason.

Leading the parade was Miss Melinda Mason, riding her palomino, and her father, Commander Charles Mason, on foot. Members of the Post and Unit carried their colors that fluttered in the breeze under a bright sunshine that also showed off the beautiful blue uniforms of the young band players, directed by Jerry Heffley.

Roach, State Commander of the American Legion were guest speakers at the Mundt-Allen Post American Legion meeting on Tuesday evening, Nov. 9. Appearing above with the speakers are Mundt-Allen Unit president, Caroline Merrill, left, and Post Commander, Eugene Buswell, right.

World War I veterans and two World War II blind heroes. Dave Chamberlain of Buckfield Post and Alanson Cummings were the only two old-timers present.

Disabled veteran Guy Smith drove his car to carry the Chaplain of the Unit, Mary Chamberlain, Buckfield; Mrs. Shirley Worthington and Alice Bartlett, of Brunswick.

In car number three were six ladies of World War I Barracks, in uniform, from Bethel.

President Sylvia Dunham, her officers, and helpers served the dinner that included home made pies. Then there was the cleanup—a hard day for the workers and more help is needed if these programs are to continue.

PARTICIPANT IN GIMBEL'S PARADE HAS AREA RELATIVES

The Salem, N. H., High School band is leaving next Tuesday for Philadelphia, Pa., to participate in Gimbel's Thanksgiving Day parade. One member of the band, Keith Wilson, has friends and relatives in the Bethel-Andover area who will be watching to see if they can spot him (the first trumpet player in the second row). The parade will be telecast live on CBS at 9 o'clock Thanksgiving morning.

Keith is the grandson of Leon Wilson of Bethel and the late Mrs. Wilson, and also of the late Mr. and Mrs. Roger Mills Sr. of Andover. His parents, Mr. and Mrs. Keith Wilson of Salem, N. H., are planning to be in Philadelphia for the Thanksgiving festivities, which are also part of the city's 300th birthday celebration.

CHRISTIAN SCIENCE THANKSGIVING SERVICE TO FOCUS ON DAILY NEEDS

A special service of thanksgiving on Nov. 25 at eleven o'clock at the Christian Science Church, corner of Main and Tenth Streets in Berlin, N. H., will trace the Scriptural record of God's blessings—even in times of widespread economic challenges. The Bible lesson-sermon, drawn from both the Old and New Testaments, focuses on God's provision for daily needs of food, clothing, shelter, as well as the deeper yearnings of the heart for fulfillment, health, and the opportunity to help others.

Among specific passages to be included in the sermon are reassurances from Proverbs, "Through wisdom is an house builded, and by understanding it is established," and Philippians, "My God shall supply all your need according to his riches in glory by Christ Jesus."

Brief relevant selections from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be read, including her much-quoted statement: "Divine Love always has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good."

The latter part of the hour-long service has been set aside for expressions of gratitude. Hymns, the Lord's Prayer, and the President's Thanksgiving Proclamation complete the order of service.

Like all Christian Science services, the Thanksgiving meeting is open to all. The meeting will be conducted by Mrs. Irma Thompson, currently serving the congregation as First Reader. Mrs. Evelyn M. Cross will read from the Scriptures.
